1. **Risk Exposure to Blood/Body Fluids Column:**

   Numbers entered into this column indicate the risk potential of your exposure to blood or body fluids. Established procedures identify the appropriate personal protective equipment that you should use when performing this task. The following numbers indicate your risk potential:

   1  =  It is **highly likely** that while performing functions assigned to this task you will be exposed to blood or body fluids.

   2  =  This task does **not** involve contact with blood and/or body fluids but while performing this task it **may** be necessary for you to perform a **Category 1** task.

   3  =  This task does **not** involve any risk of exposure to blood or body fluids.

**Competency Evaluation**

13. A √ mark in this column indicates that you perform this function satisfactorily and in accordance with the facility’s policies and procedures.

14. A √ mark in this column indicates that you perform this function in a manner that exceeds expectation.

15. A √ mark in this column indicates that you do not perform this function satisfactorily and in accordance with the facility’s policies and procedures.
